2006 INTERNATIONAL BUILDING CODE

Dear Alan Rogers:

Plans for the subject facility have been reviewed by this office for conformity with the State Fire Safety Regulations and are hereby approved. Shop drawings for the automatic fire sprinkler system must be submitted for review and approval within ninety (90) days and prior to the installation starting on the system.

It is prohibited to occupy this building until construction is completed and the system is installed, tested, and certified as operable. Any changes to the approved plans must be submitted to this office for review and approval.

Enclosed is a certificate of approval that must be posted on the premises until completion of the above facility.

Approval of submitted plans is not approval of omissions or oversights by this office or noncompliance with any applicable regulations of the municipal government. The plans have not been reviewed for compliance with the federal Americans with Disabilities Act or structural requirements.

It must be understood that the inclusion of and compliance with State Fire Safety Regulations does not preclude the necessity of compliance with the requirements of local codes and ordinances.

If we can be of further assistance in this matter, please feel free to contact us at the address below.
